### **Health and Safety**

At ABISS we ensure that all our operatives work to the highest levels of health and safety and are trained to industry recognized standards.

We manage multiple sites under CDM regulations and strive to embed health and safety awareness into our projects via the improved planning and co-ordination of all involved.

Because of our vast health and safety experience we are able to deliver projects whilst the retailer continues to trade, thus reducing potential loss of revenue.

Our Project Managers are trained to CITB, SMSTS, standard and Senior Project managers are trained to IOSH, EBOSH standard.

As Principal Contractor on your project, ABISS will complete all works to health and safety regulations without compromise.

### **Environmental Policy**

It is our long-standing policy to carry out business in a manner that considers both the ecological and economic needs of the markets in which we operate. We look to trade in a manner that is not harmful to the environment, while constantly looking to offer the customer quality manufactured goods at the best price but with out compromise .

At ABISS we constantly strive to use materials that have originated from sustainable and well managed forests which enables us to reduce the impact of our carbon footprint. As a company we believe a sustainable future not only guarantees our businesses future but most significantly customer satisfaction.

## Installations

ABISS use SEMA accredited Installation staff. ABISS Solutions can plan and design a storage solution tailored to your needs. We offer a wide range of bespoke and serial production, supply all types of projects within the commercial and retail sector, showroom displays to complete bar fitting and stores fit-outs. Our team can deliver you and your

projects to the highest standard as well as being competitively priced.

Our diverse range of clients is testament to our expertise and distinguishes us as a exceptional joinery and shop fitting company.

## Store Closures

As a specialist in store closures we can support you during the difficult process of closing a store. We understand the pressures this can carry and work to alleviate this from you, to give you peace of mind and security to concentrate on the tasks that you need to deal with personally.

NCS Retail can manage the store closure from start to finish with a high importance of confidentiality. We brief our teams prior the project commences and advise a sensitive approach to all.

Our team's will prioritise the workload from your requirements and help to alleviate some of the stresses away from you and your teams.

We offer a nationwide service with high caliber staff. The services we can support you with are:-

- Project Management
- Equipment Management
- Merchandisers
- Joiners / Shopfit
- Electricians
- Transportation
- Storage solutions
- Organise Waste Disposal
- Recycle Waste
- Re-sale of products

During this process, we aim to recover every penny back for your company that we can., whilst carefully ensuring the dismantle of racking & either selling or transporting your products to a new destination requested, as well as all of the above services.

We are able to provide exceptional service because we have exceptional staff - our nationwide teams are trained to the highest standards to support our Client's needs.
